CAMPER CRITERIA

The following list of criteria should be used as a guide when considering children/youth to be referred to Camp To Belong-Wisconsin, Inc. When considering a child/youth for camp, he/she must meet the following criteria:

PLEASE NOTE: REFERRAL DEADLINE MAY 30, 2015

Age/Developmental Criteria:

- Must be 8 years old by August 16, 2015
- Have siblings coming to camp
- Have the developmental and cognitive abilities to understand the purpose of camp

Physical Criteria:

- Must be ambulatory

Children with the following issues do not do well at camp. Please do not refer campers if they are experiencing the following:

- Ability to self-manage is compromised in a large group setting. This could include:
 - the inability to keep self safe (free of self-abusive/self-harming behaviors)
 - physical aggression toward siblings, peers, and adults
 - physical aggression toward animals
 - severe anger management difficulties
 - excessive boundary issues with siblings, peers and adults
 - Behaviors that would greatly disrupt the focus of camp.
- Sleep Disorder – chronic inability to sleep throughout the night which would require awake overnight supervision.
- Sexual activity – concerns of sexual activity between siblings and/or concerns of sexual perpetration behaviors toward other campers.
- Actively homicidal or suicidal behavior
- Behavior that requires restraint or ongoing 1:1 support or supervision.

The ratio of campers to counselors is 2:1. Although we provide constant supervision for our campers, we are not able to provide ongoing 1:1 supervision or support to any camper needing constant supervision on an individual basis. For this reason, campers requiring this type of supervision may not be appropriate for this camp setting. If you have questions, please contact the Kate or Robbie Bauer (Co-Directors) at 920-904-5643.
